# Game 1: Time's Ticking

## Interactive

Detective Delictus (our host) is in touch with the squads on the ground and needs your help to tell them what to do.

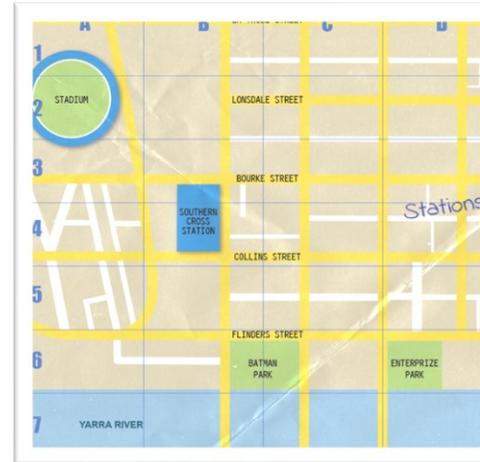

You'll be in constant communication with the detective via WhatsApp and have to help him save the city.

The detective provides you with the story, challenges and hints. It's up to your team to solve the challenges.

## Variety of challenges

Time's Ticking includes a large variety of challenges for teams to complete.

1. Hack into the terrorist's website and go through the evidence

3. Check his social media and use Google Maps to find the address
4. And much more...

# Game 2: Ben's Big Heist

Ever wanted to rob a bank? Now's your chance!

Ben (our host) needs the help of your team to pull off the heist of a lifetime. For many years he has been working at this small bank called Yenombank. Until he found a blueprint with some notes written on it.

Now it's time for Ben to get his well-deserved money and look at retirement.

Will your team help him secure the loot?

## 60 Minutes of puzzling

Your team has 60 minutes to bypass security, crack vaults, fill the loot bags and safely escape. And it won't be easy.

- Decipher characters, find secret codes, do some colouring and perhaps even use your voice
- Each vault will become harder to crack
- Communicate with the bank robber via WhatsApp

## Exciting until the last second

Ben's Big Heist isn't your regular escape room. It's a game with a twist. Like with all bank robberies, you'll need some time to get away.

That's where you'll need to make an important decision.

Are you staying longer and try to get more loot? Or do you play it safe and leave with enough time left?

If the time runs out and you haven't made it to safety, you risk losing everything...

1. WhatsApp (free to download, find out more [here](#))
2. Laptop
3. Video call (any tool of your choice)
4. WhatsApp Web (optional, but recommended)

## Preparations

Getting started is easy. Here's a summary of how to get set up.

- 1 Book a session**  
Contact us to book a session at a day/time that suits you. We'll discuss numbers, invoicing and make sure we answer any questions you may have.
- 2 Organise teams**  
Ask all your team members to have WhatsApp installed on their phone. We create WhatsApp groups and share the invite links with you. You can then send 1 link to each team.
- 3 The warming up**  
Just before the day/time of your session, our host will send an introduction message and instructions to each WhatsApp group.

## Start playing

On the day/time of your session, this is how the game is played:

### Time to connect

The members of each WhatsApp group start their own video call using Zoom/Skype/Teams or any other tool of choice. This allows them to work together and discuss possible answers. Our host is not part of the video call.

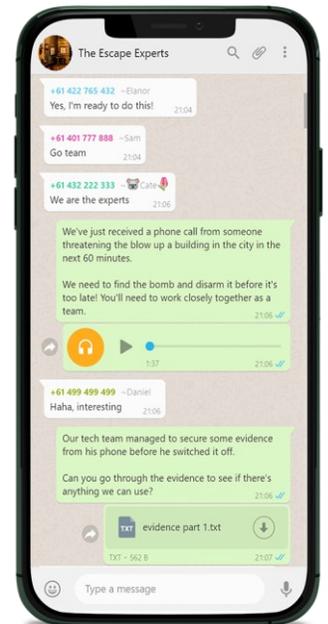

### Action!

Our host starts the 60 minutes and sends the challenges via WhatsApp. Teams communicate with the host via WhatsApp. Challenge solved? Our host will tell you what's next. Getting stuck? Ask the host for a hint.

### Who's the winner!?

After all teams have finished, or the 60 minutes are up, it's the moment of truth. Which team performed best and takes it all? Our host will provide the results.
